221	2/1/2017	Myself, age 54	1. Cassia 2. Lime	Topical	Cassia, diluted, lime, undiluted	1-3 drops per use	1. Cassia, one time 2. Lime, twice a day	Aura Cacia	Cassia, yes, lime, no	with it. The burning and redness were both immediate and rapidly progressing. I remembered that castor oil is a "drawing" agent. I started washing it all off with lots of castor oil, and was immediately soothed.	Cassia: fierce burning and redness, lime: tingly upon the first application, but Cassia all better after the oil cleansing, lime: the bruise or burn marks set in.	Cassia: all better after the oil cleansing, lime: the bruise or burn marks set in.	None	DIY	Cassia: approximately 2/14/17, lime: fall, 2016	I'm reading more before trying things now.
222	2/1/2017	Myself, 39 year old female	doTerra OnGuard blend	Oral ingestion of the doTerra OnGuard blend. Put 3 drops of the blend then filled the remaining empty veggie cap with fractionated coconut oil and swallowed with water.	Yes, diluted.	2 drops	3 times on separate days within a two week period	doTerra	No	My tongue and lip went numb. The third time my throat closed and I required an epipen shot. It was later determined by the ER doc that I had an allergic reaction to the oil - and most possibly the Clove oil in the blend.	Yes. It got progressively worse each time. I believe the times my reaction was so severe was due to the fact that I had an epipen shot.	No reaction after discontinuing use and receiving the epipen shot. I now have no blood tests. Epipen was administered due to lack of breathing.	None	None	Fall 2014	
223	2/6/2017	They were used on Myself, 65 year old female.	Myrrh and Roman Chamomile	Topically	Undiluted	Put finger over open of a dabbed it behind my ears. One of each oils so they were mixed.	One.	Wyndmere.	No.	Not feeling and turned red with welts at sight of application	The experience was gradual, while I sat there starting within an hour.	It happened within an hour of application. The effect lasted for two months.	No medical intervention. I just washed it off and watched for any other symptoms.	None	4/1/2016	I have photos if you need just email me
224	2/8/2017	Female, 44 years old	Young Living Purification	Topically	Undiluted	2	1	Young Living	No	None immediate	Strong burning sensation	Continuing discomfort and burning 10 days later.	None	None	Around Jan. 30th 2017	I was using Purification with a carrier to dilute for use in a bath when I dropped two drops onto my hand. I had no immediate sensation so did not rinse immediately.
225	2/8/2017	Female, 44	A pre-mixed bath blend containing the following: ... diluted castor oil, citrus aurantium, dulcis, rose and gerani, ... the DOR Prime (Frankincense, Lemongrass, Orange, Summer Savory, Clove, and Nutmeg) ... itine (Booa blend) used at first to feel daily ... amyris, patchouli, frankincense, ylang ylang, Hawaiian sandalwood, Roman chamomile ... lemon in water daily.	Bath	Two capsules (about first each) in a hot bath. Balance to feel daily. Then started diluting blend properly.	40% I think. See above	1	Parasentral	No	Burning sensation	Sensation soothed by application of veggie balm	None	None	2/8/2017	I used bath oil according to packaging instructions. It is not entirely clear from the packaging what the 40% concentration refers to but the result was very strong.	
226	2/11/2017	Myself, 46yo, female		Oral, ingested, topically and diffused	Diluted with Fractionated Coconut Oil	Varies per oil and blend	Several dermal applications daily, and daily ingestion of the oils in the "supplements", lemon in my water, and	DoTerra	No	Severe kidney pain, urinary retention, severe bladder pain	Some indigestion and diarrhea, burping up the EO flavors (throat burn)	Had to have an MRI of my kidneys and bladder, because the pain was so severe we thought I had a kidney stone!	Diagnosed with urinary retention, and bilateral cystitis at that time.	Not applicable	2/11/2017	Had to have an MRI of my kidneys and bladder because the pain was so severe we thought I had a kidney stone!
227	2/16/2017	Myself, Age 29 Female	Frankincense, Myrram & Lemongrass. 20 drops each in a 10 ml roller topped w/CO.	Topicaly	Diluted with Fractionated Coconut Oil	20 drops of each oil.	Several times a week.	DoTERGA	Not that I'm aware of.	Gradual thickness where the oil was applied. It was increasing and painful as the thickness was increasing and it was not healthy the issue was the oil. He was too gassy and uncomfortable so I thought that was the reason many I applied more oils. Before records his skin erupted in red bumps and red patches everywhere I had put oils. He immediately started crying and scratching and pulling at his clothes. I immediately washed him.	Very itchy where applied. No. Immediately and lasted for an hour or so, or until I washed it off.	None	None.	2/16/2017	Applied the oil. After researching I found that I was not diluting it enough, even though the original recipe was for 30 drops of each. Now that I have it diluted to the proper 1% I no longer have these adverse reactions.	
228	2/18/2017	My son. Who was a year at the time.	Digestzen blend (contains: ginger rhizome root, peppermint plant, caraway seed, colander seed, anise seed, tarragon plant, and tarragon seed essential oils.)	They were applied topically	they were applied undiluted	Approximately 5-10 drops	Two applications approximately 4 hours apart	doTerra	I had the bottle for about 3 months.	I put him in the shower immediately and washed him off. The pain went away significantly once the cinnamon had been applied the skin was bright red and hot to the touch. You could see the finger marks from where the stuff had been applied.	A few hours later the redness and whatnot still visible. Pain was gone. By morning the skin appeared normal.	None	None	1/1/2015	This should absolutely never have been recommended. The health store told me it was an allergic reaction. I later found out that the cinnamon and cloves is what burned his skin... that it should never be used on children. They should have known that... I told them who the intended person was.	
229	2/23/2017	3yr old male	Thieves	Topicaly	Just straight out of the jar		1	Thieves (Juniata if brand)	New from store
